

Crafton Hills College Spring 2026 Class Schedule

as of Friday, May 22nd, 2026, 07:12:38 AM

Although this PDF is accurate at the time of printing, use [Self-Service](#) for the latest updated schedule information.

Accounting

ACCT-105: Accounting With Quickbooks and Excel

Introductory course to accounting information systems that apply accounting principles through the use of general ledger and spreadsheet software. Designed to develop employable accounting analysis skills, evaluate and compare commercial software, and analyze financial reporting.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
0002	70	4.00	Arranged	5.5 - hrs/wk	DE-LEC	ONLI	NE	Romero,J

Note: 13 week class from 02/09/26 to 05/14/26.

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device (not a cell phone) with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

ACCT-208: Introduction to Financial Accounting

Introduction to financial accounting is the development and communication of financial information that is useful to investors, creditors, and others to make decisions. The course provides a foundation to the fundamental concepts and procedures of financial accounting including the use, of recording, analyzing, and communicating financial information including income determination, assets and liability relationships and preparation of financial statements. Course material covered includes the accounting environment, accounting cycle, application of generally accepted accounting principles, ethics, financial statements, operating, investing, and financing activities.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

0051	70	3.00	Arranged	3.35 - hrs/wk	DE-LEC	ONLI	NE	Dominguez,B

American Sign Language

ASL-101: American Sign Language I

Introduction to American Sign Language as used by the Deaf community in the United States. Study of a basic vocabulary of approximately 400 signs, typical ASL sentence structures and social conventions involved in ASL. Discussion of the history of Deaf education and the Deaf community up to the end of the nineteenth century. NOTE: This course may require attendance to Deaf community events.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit limited transfer CSU & UC. Contact a counselor for details.

Departmental Recommendation(s): Eligibility for ENGL C1000 (formerly ENGL 101) Concurrent enrollment in ASL 115.

Alternate Listing: This course is also offered as ASL-101H.

Ref#	Sec	Unit s	Days	Time	Type	Build	Rm.	Inst.
0062	05	4.00	-M-W---	08:55A - 11:00A	LEC	CNTL(#10) (#11)	307	Rose,K

Note: Attendance to one in-person Deaf/ASL event near you (outside of class), may be required.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
0064	71	4.00	Arranged	4.5 - hrs/wk	DE-LEC	ONLI	NE	Brighton,B

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device (not a cell phone) with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course). Attendance to one in-person Deaf/ASL event near you, may be required.

0070	60	4.00	--T-R--	06:00P - 08:05P	LEC	CNTL(#10) (#11)	307	Ortiz,V

Note: Attendance to one in-person Deaf/ASL event near you (outside of class), may be required.

ASL-102: American Sign Language II

Continuing introduction to American Sign Language as used by the Deaf community in the United States. Study of a more advanced vocabulary of approximately 400 additional signs, ASL sentence structures and social conventions involved in ASL. Discussion of Deaf Culture, norms, and values within diverse members of the Deaf community. NOTE: This course may require attendance to Deaf community events.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit limited transfer CSU & UC. Contact a counselor for details.

Prerequisite(s): ASL-101.

Departmental Recommendation(s): Successful completion of ENGL C1000 (formerly ENGL 101). Concurrent or previous enrollment in ASL 115.

Alternate Listing: This course is also offered as ASL-102H.

Ref#	Sec	Unit s	Days	Time	Type	Build	Rm.	Inst.

Note: Attendance to one in-person Deaf/ASL event near you (outside of class), may be required.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
0078	70	4.00	Arranged	4.5 - hrs/wk	DE-LEC	ONLI	NE	Zein,G

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device (not a cell phone) with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course). Attendance to one in-person Deaf/ASL event near you, may be required.

ASL-104: American Sign Language IV

Continued intermediate study of American Sign Language as used by the Deaf community in the United States. Study of increasingly more advanced vocabulary and grammar structures and application of skills in both formal and informal contexts. Attendance to Deaf Community events may be required.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: ASL 103.

Departmental Recommendation(s): Successful completion of ENGL C1000 (formerly ENGL 101) Concurrent or previous enrollment in ASL 200 or ASL 205 Completion of ASL 115.

Ref#	Sec	Unit s	Days	Time	Type	Build	Rm.	Inst.
008 2	70Y	4.00	-M----	12:45P - 02:50P	LEC	CNTL(#10) (#11)	307	Zein,G
			Arranged	2.4 - hrs/wk	DE-LEC	HYBR	ID	Zein,G

Note: Attendance to one or more in-person Deaf/ASL event(s), outside of class, may be required.

ASL-115: The American Deaf Experience: Introduction to Deaf Studies

Introduction to American Deaf Culture and the Deaf community as a linguistic and cultural minority in the United States. Multidisciplinary examination of aspects of Deaf Culture including history, traditions, values, language, art, education, family and social and political interactions. Attendance to Deaf Community events may be required.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Departmental Recommendation: ENGL 010 or eligibility for ENGL C1000 (formerly ENGL 101) as determined through the CHC assessment process.

Ref#	Sec	Unit s	Days	Time	Type	Build	Rm.	Inst.
008 4	70Y	3.00	---W---	12:45P - 02:50P	LEC	CNTL(#10) (#11)	307	Zein,G
			Arranged	1.85 - hrs/wk	DE-LEC	HYBR	ID	Zein,G

Note: 13 week class from 02/11/26 to 05/13/26.

Note: Attendance to one in-person Deaf/ASL event near you (outside of class), may be required.

Anatomy/Physiology

ANAT-101: Essentials of Human Anatomy and Physiology

Lecture and laboratory course emphasizing the basic structural, functional, and developmental stages of the human body. Introductory survey of the human body in one semester. Essentials of structure and function in each of the eleven body systems covered.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Anthropology

ANTHRO-100: Introduction to Archaeology

Introduction to the history, objectives, methods, and theory of contemporary archaeology. Topics include the historical development of archaeological science, archaeological methodology and interpretation, dating techniques, the analysis of cultural sequence, and ethical and legal considerations related to archaeological research.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Departmental Recommendation(s): Eligibility for ENGL-C1000 (formerly ENGL-101).

Alternate Listing: This course is also offered as ANTH-100.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
0126	70	3.00	Arranged	6.75 - hrs/wk	DE-LEC	ONLI	NE	DiBartolo,C

Note: 8 week class from 01/20/26 to 03/13/26.

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

ANTHRO-102: Cultural Anthropology

Introduction to the study of human societies from a cross-cultural perspective. Examination of culture and culture change, communication and language, food-getting practices, economic systems, sex and gender, marriage, kinship, political organization, religion and art as well as an introduction to the history and theories of anthropological study.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite(s): ENGL 010 or Eligibility for ENGL-C1000 (formerly ENGL-101) as determined through the Crafton Hills College assessment process.

Alternate Listing: This course is also offered as ANTH-102, ANTH-102H.

0130	71	3.00	Arranged	4.15 - hrs/wk	DE-LEC	ONLI	NE	Salvi,L

Note: 13 week class from 02/09/26 to 05/14/26.

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

ANTHRO-102H: Cultural Anthropology-Honors

Introduction to the study of human societies from a cross-cultural perspective. Examination of culture and culture change, communication and language, food-getting practices, economic systems, sex and gender, marriage, kinship, political organization, religion and art as well as an introduction to the history and theories of anthropological study. This course includes content and experiences appropriate for students wishing to earn honors credit.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite(s): Acceptance into the College Honors Institute.

Alternate Listing: This course is also offered as ANTH-102, ANTH-102H.

ANTHRO-107: Native Peoples of North America

This course explores the anthropology of Native Americans from prehistory to the present. Utilizing an anthropological and Native American Studies perspective, we examine sociocultural issues relevant to Native Americans such as economics, language, religion, identity, politics, and cultural change. Special attention will be given to the contributions of Native Americans to the field of anthropology and to the broader culture of the United States. Emphasis will also be placed on the impact of European colonialism and on contemporary issues such as discrimination, the struggle for sovereignty, and land rights. Addresses the contemporary status of native cultural traditions taking into account social change and adaptation. This course is also offered as ANTHRO 107 and HIST 107.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Departmental Recommendation(s): Eligibility for ENGL-C1000 (formerly ENGL-101).

Alternate Listing: This course is also offered as ETHS-107, HIST-107, ANTH-107.

Biology

BIOL-100: General Biology

Introduction to biology with an emphasis on scientific analysis and problem solving. Offers a broad understanding of the unity and diversity of the living world from cellular and molecular levels to anatomy, physiology, evolution, and ecology. This course is designed for non-science majors seeking general education credit and for some Environmental Science and Multiple Sciences majors.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Alternate Listing: This course is also offered as BIOL-C1000.

BIOL-123: Ecology and Environment

Study of the basic concepts of ecology including the physical environment, ecosystems, energy production and transfer, and the impact of humans on ecosystems. Environmental considerations include renewable and non-renewable energy, food resources, pest control, waste management, maintenance of air and water quality, sustaining the biodiversity of ecosystems, global climate, and political and economic considerations.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

BIOL-130: Cell and Molecular Biology

One in a sequence of two courses required for students majoring in the biology and other natural sciences as well as pre-medicine, pre-veterinary and other pre-professional programs. Study of the process of life at the molecular and cellular level, emphasizing cell functions of transport, respiration, photosynthesis, reproduction, genetics, gene expression and regulation, and applications in biotechnology.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite(s): CHEM 101 or CHEM 150. MATH 095 OR eligibility for MATH 102 as determined through the Crafton Hills College assessment process.

Departmental Recommendation(s): Eligibility for ENGL-C1000 (formerly ENGL-101).

Alternate Listing: This course is also offered as BIOL-130H.

On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

BUSAD-225: Capitalism in America

The course will examine capitalism as a function in practice and how it relates to business. The purpose of the class is to view how capitalism in America has generated wealth and innovation. The topics will survey critical institutions in America including, but not limited to, banking, regulation, taxation, and trade. The course will investigate the positive and negative consequences of capitalism in America and help provide strategies for shaping capitalism in future decades.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU.

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device (not a cell phone) with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

Certified NursingAssistant NC

CNA/N-621: Nursing Assistant Theory

This noncredit course focuses on the fundamental principles of basic nursing care necessary to meet the hygiene, comfort, and safety needs of residents. The identification and reporting of resident

abuse along with development of skills in communication and interpersonal relations will be discussed. The role of the CNA as part of the health care team and practice of skills to pass the state certification exam are highlighted. The course follows the guidelines established by the California Department of Public Health (CDPH). Successful completion of the course does not ensure certification, which is obtained through the CDPH. Application and related forms are provided at the information session.

Credit Type: Noncredit course.

Limitation on Enrollment: Must attend a mandatory information session, once provisionally accepted, must attend a mandatory orientation, meet all health requirements, and have a clear livescan fingerprinting. Must be 16 years or older. No high school or GED required. Must be co-enrolled with CNA/N-621 and CNA/N-623.

Corequisite: CNA/N-622 and CNA/N-623.

CNA/N-651: Phlebotomy Technician I Clinical

This program is designed to fulfill the clinical training requirements to become a Certified Phlebotomy Technician I (CPTI) for the State of California. Upon meeting the admission requirements, satisfactorily completing the didactic and externship portions of the program, and receiving a passing grade on an approved national certifying exam plus certification from such agency, the student will be able to apply for a CPTI license from the Laboratory Field Services, California Department of Health Services. The class is taught through lectures, class exercises (basic and advanced), and clinical experiences at local externship sites (practical). Students will be trained to perform a variety of blood collection methods using the proper techniques. These methods include the evacuated tube system, syringe collection, winged infusion collection, and capillary puncture on adults, children, and infants.

Credit Type: Noncredit course.

Chemistry

CHEM-101: Introduction to Chemistry

Introduction to college chemistry, with an emphasis on the general principles of chemistry, including critical thinking, analysis and problem solving in chemistry. Topics include the study of matter, bonding, the periodic table, stoichiometry, chemical reactions, nomenclature and organic chemistry. Laboratory component is both qualitative and quantitative in scope. Critical thinking, writing, measurement, identification and analysis are emphasized.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Departmental Recommendation: MATH 102.

CHEM-102: Introduction to Organic Chemistry

Introduction to college organic chemistry, with an emphasis on the fundamental principles of organic chemistry. Topics include structure, nomenclature, properties, reactions, synthesis and biochemistry. Laboratory component is both qualitative and quantitative in scope. Critical thinking, writing, measurement, identification and analysis skills are emphasized.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU. Limited transfer to UC; contact a counselor for details.

Prerequisite: CHEM 101 or CHEM 150.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.

CHEM-123: Chemistry for Everyone

Chemistry for the non-science major. Presentation of the world of chemistry from the viewpoint of the consumer and citizen. Investigation of fundamental principles of chemistry along with health and societal applications. Supplementary topics selected from areas of current social interest, such as air and water pollution, nuclear and alternative energy sources, and forensic science. Fosters an

interest in science by preparing students to make effective decisions, and by developing critical thinking skills that can be applied to challenges in a changing world.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

CHEM-150: General Chemistry I

First semester in a year-long general chemistry sequence. Study of the fundamental principles of chemistry. Topics include atomic structure, bonding, the periodic table, stoichiometry, chemical reactions, enthalpy and nomenclature. Laboratory component is both qualitative and quantitative in scope. Critical thinking, writing, measurement, identification, and analysis skills are emphasized. The course meets requirements of science majors as well as pre-dental, pre-medical, pre-veterinary and pre-engineering majors.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: MATH 102 or eligibility for MATH 160 or higher as determined through the Crafton Hills College assessment process.

Prerequisite: CHEM 101 or eligibility for CHEM 150 as determined through the Crafton Hills College assessment process.

Corequisite: MATH 102.

CHEM-213: Organic Chemistry II

This is the second semester of a one-year course in organic chemistry with lab intended for majors in the natural sciences (chemistry, biochemistry, biology, physics, and pre-medicine). Examines carbon compounds including structure, nomenclature, functional groups, reactivity, synthesis, and reaction mechanisms. Spectroscopy and modern theoretical concepts studied. Laboratory includes preparation, identification, and the study of properties of organic compounds.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: CHEM 212.

Child Development

CD-105: Child Growth and Development

This introductory course examines the major physical, cognitive/language, social, and emotional developmental milestones for children, both typical and atypical, from conception through adolescence. While also studying developmental theories and investigative research methodologies, students will observe children as well as evaluate and analyze characteristics of development.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Alternate Listing: This course is also offered as CDEV-C1000, CDEV-C1000H.

COMM-C1000H: Introduction to Public Speaking-Honors

In this course, students learn and apply foundational rhetorical theories and techniques of public speaking in a multicultural democratic society. Students discover, develop and critically analyze ideas in public discourse through research, reasoning, organization, composition, delivery to a live audience and evaluation of various types of speeches, including informative and persuasive speeches. This is an honors course. (Formerly COMMST 100H)

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: Acceptance into the College Honors Institute.

Departmental Recommendation: ENGL-C1000.

Alternate Listing: This course is also offered as COMM-C1000.

Computer Information Systems

CIS-095: Employability Skills for Tech Careers

Development of employability and soft skills for technical career success. Workplace competencies, including teamwork, problem-solving, decision-making, and organizational skills. Personal effectiveness competencies, including interpersonal skills, integrity, professionalism, and lifelong learning. Career navigation skills such as resume, portfolio, job search, interview, and networking.

Credit Type: Earned units for this course are applicable to an Associate Degree.

CIS-132: Systems and Network Administration

A study of server concepts, network services and technologies in a datacenter or private cloud environment that can be public cloud extensible. Focuses heavily on traditional server and network administration, directory and other network services, storage systems, datacenters, hardware, virtualization technologies, troubleshooting and disaster recovery. Introduces cloud concepts and virtualization. This course prepares students for the current version of CompTIA's Server+ certification exam.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU.

Prerequisite: CIS 109.

CIS-141: Switching, Routing and Wireless Essentials (cisco Ccna 2)

Second in a three-course sequence that qualifies students to take the newest Cisco CCNA examinations. Topics include: implementing LAN and WAN connectivity using routers, switches and wireless access points, IPv4/IPv6 addressing, network security, access-lists, static and dynamic routing. Students gain skills through configuring Cisco devices and managing the software.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Prerequisite(s): .

Cis 140: Introduction to Networks (Cisco CCNA 1).

CIS-142: Enterprise Networking, Security And Automation (cisco Ccna 3)

Third course of a three courses sequence that qualifies students to take the newest Cisco CCNA Certification examinations. In this course students learn how to configure routers and switches for advanced functionality. By the end of this course, students will be able to configure and troubleshoot routers and switches and resolve common issues with OSPF, EIGRP, and STP in both IPv4 and IPv6 networks. Students will also develop the knowledge and skills needed to implement Cisco ACLs and security in a small-to medium sized network as well as troubleshoot Network connectivity issues using network monitoring and management tools.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Prerequisite: CIS 141-Routing and Switching Essentials (Cisco CCNA 2).

Ref#	Sec	Unit s	Days	Time	Type	Build	Rm.	Inst.

Note: 13 week class from 02/09/26 to 05/14/26.

Note: This is an online class with no on-campus meetings. Participation in this class requires the

student to have regular access to a computer, tablet, or similar device with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

CSCI-200: Discrete Structures

Introduction to discrete mathematics with emphasis on applications to computer science. Topics include functions, relations, sets, logic, proof techniques, basics of counting, number theory, discrete probability, graphs, and trees. This course is offered as CSCI 200 and MATH 200.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: MATH 250 and CSCI 110.

Alternate Listing: This course is also offered as MATH-200.

CSCI-230: Data Structures and Algorithms (Java) Algorithms

Focuses on implementation and mathematical analysis of foundational data structures and algorithms with the Java programming language. Topics include arrays, lists, stacks, queues, trees, hashing, heaps, analysis of algorithms, storage allocation, and memory management techniques.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: CSCI 120.

Departmental Recommendation: Successful completion of CSCI 200.

Counseling

COUN-100: Student Success and the College Experience

Introduction to the college experience, including academic and career self-assessment and strategies for success. Exploration and application of theories of physical, social and psychological development toward the goal of success in college. Survey of the tools necessary to excel academically, socially, physically and emotionally including goal setting, decision making, and life planning, time management, critical thinking, lifelong learning, financial planning, and wellness.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Participation in this class requires the student to have regular access to a computer, tablet, or similar device with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

COUN-110: Introduction to Career, Education and Life Planning

An introduction to career planning. Exploration of academic, personal and career goals through assessment of personality, interest, values, and talents toward completion of a comprehensive career and educational plan for first time career seekers. Analysis of desired lifestyle and work, decision making, and goal achievement will be addressed. Exploration of the sociological, physiological, and psychological needs in identifying and planning a major and career plan. Focus on the career planning process and the development of a career portfolio that demonstrates knowledge of career decision making, planning and job search strategies.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU.

Departmental Recommendation: eligibility for ENGL C1000 (formerly ENGL 101) as determined through the Crafton Hills College assessment process.

Economics

ECON-100: Introduction to Economics

Economic analysis applied to issues and problems facing the U.S. economy. Economic problems are analyzed with the elementary tools of economics as a way of evaluating alternative choices with respect to actual or hypothetical courses of action. Topics include supply and demand, market structures, inflation, unemployment, fiscal policy, monetary policy, and international trade.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU. Limited transfer to UC; contact a counselor for details.

Departmental Recommendation(s): ENGL-C1000 (formerly ENGL 101) and MATH-095.

Note: 8 week class from 03/23/26 to 05/14/26.

Note: Students must be at least 18 years of age at the time of registration. Students enrolling in this course will be attending as part of a cohort for the duration of the semester. Students must enroll, and remain enrolled, in the sections of EMS-020, EMS-021, EMS-022, EMS-023, EMS-066, EMS-067, and EMS-068 bearing the same section number. FINANCIAL AID ALERT: This cohort alone will not qualify for and may reduce eligibility for Federal Financial Aid. Contact the Financial Aid Office in the Crafton Center (CCR-121) for additional information. All students enrolled in the EMT program are required to complete a background check through Castle Branch as part of our agency and clinical partnership requirements. Students must submit a Castle Branch background check prior to

participating in any clinical, ride-along, or field activities. The non-refundable fee for this service is \$34, paid directly to Castle Branch during registration. Failure to complete or pass the background check may impact a student's ability to meet course and program requirements.

EMS-103: Mobile Intensive Care Nurse

Orientation to advanced pre-hospital care protocols for the ICEMA Region (San Bernardino, Inyo and

Mono Counties) and Riverside County. Provides comprehensive exploration of EMS systems, medical-legal concerns, and the roles and responsibilities of the MICN. The lab sessions afford the student the opportunity to develop skills related to protocol utilization and radio communication. Graded on a Pass or No Pass basis only.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Grading Restriction: Graded on a Credit/No Credit basis only.

Transferability: Course credit transfers to CSU.

Prerequisite: As required by San Bernardino and Riverside.

County Emergency Medical Services: A current California R.N. license, one year experience as a registered nurse, 800 hours experience as a nurse in the emergency department, current ACLS certification, proof of successful completion of a cardiac dysrhythmia course, current employment in a base station hospital in San Bernardino, Riverside, Inyo or Mono County and the ability to complete a written screening examination with 80% accuracy.

ENGL-C1001: Critical Thinking and Writing

In this course, students receive instruction in critical thinking for purposes of constructing, evaluating, and composing arguments in a variety of rhetorical forms, using primarily non-fiction texts, refining writing skills and research strategies developed in ENGL C1000 Academic Reading and Writing (or C-ID ENGL 100) or similar first-year college writing course. (Formerly ENGL 102)

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: College-level composition (ENGL C1000/ ENGL C1000H/ ENGL C1000E/C-ID ENGL 100) or equivalent.

Alternate Listing: This course is also offered as ENGL-C1001H.

English as a SecondLang (CHC)

ESL/N-601: Multilingual Literacy 1

ESLN 601 is the first course in a four-course non credit English as a Second Language series designed to develop learners' everyday English proficiency and academic literacies. Course may be repeated. Refines and expands basic English language skills for language learners. Builds on reading, written, and listening, and verbal skills to enhance learners' language abilities in everyday English. Learners read short fiction and non fiction texts to demonstrate comprehension; develop pre reading strategies, write multi-paragraph compositions, including descriptions and summaries; perform basic computer tasks such as checking/responding to email, navigating LMS/WebAdvisor, and using Zoom, perform basic word processing (Word/Google Doc).

Credit Type: Noncredit course.

Prerequisite: Upon entering this course, Students must be able to to read, write, and speak in full sentences in English.

ESL/N-602: Multilingual Literacy 2

ESLN 602 is the second course in a four-course noncredit English as a Second Language series designed to develop learners' everyday English proficiency and academic literacies. Course may be repeated. Continues to refine and enhance learners' language abilities in everyday English as well as develop academic literacies. Learners build on prior learning to successfully read and analyze a variety of topics and texts to identify the writer's purpose, main ideas, and supporting details; use feedback from instructor and peers to revise and edit work; write multi-paged compositions in response to a text; in addition to basic computer and technological tasks, learners will be able to perform word processing (Word/Google Doc) and conduct basic website searches. Students will continue to work on their English conversation skills and learn to communicate in variety of settings, including participating in classroom discussions, asking for information and assistance from classmates, instructors, tutors, and other college staff; give class presentations.

Credit Type: Noncredit course.

Prerequisite: Upon entering this course, Students must be able to read, write, and speak English in full sentences.

Departmental Recommendation: It is highly recommended that students entering this course be able to read short texts and write short paragraphs in English.

ESL/N-603: Multilingual Literacy 3

ESLN 603 is the third course in a four-course noncredit English as a Second Language series designed to develop learners' everyday English proficiency and academic literacies. Course may be repeated. For advanced learners of the English language. Continues to develop everyday and academic literacies and prepares learners for the reading and writing demands in college courses. Learners read a variety of texts, including book-length work; develop the practice of reading texts closely and focus on significant details and patterns by noticing generic structure or patterns of texts; Write clear, well-organized, and well-developed short compositions that draw upon readings and other texts to support points; become familiar with different formats and styles, conduct basic library searches, and continue to develop computer and tech literacies; learn appropriate strategies for communicating in a variety of settings and get to know campus resources and services.

Credit Type: Noncredit course.

Prerequisite: Upon entering this course, Students must be able to read, write, and speak in full sentences in English.

Departmental Recommendation: It is highly recommended that students entering this course be able to read short texts and write multiple paragraphs in English.

ESL/N-604: Multilingual Literacy 4

ESLN 604 is the last course in a four-course noncredit English as a Second Language series designed to develop learners' everyday English proficiency and academic literacies. Course may be repeated. For advanced learners of the English language. Learners build on advanced English skills and vocabulary as well as apply critical thinking in navigating a variety of everyday English and academic contexts. Learners will read and analyze a variety of texts, including book length work and 1-2 academic articles; develop the practice of reading texts closely and focus on significant details and patterns by noticing rhetorical and stylistic choices of authors; write clear, well-organized, and well-developed compositions, including multimodal composition, that integrate the ideas of others while appropriately crediting the original authors and maintaining academic integrity; conduct advanced library searches; enhance computer and tech literacies; continue to learn about campus services and resources as well as gain more opportunities to participate in the larger campus culture and beyond.

Credit Type: Noncredit course.

Departmental Recommendation: It is highly recommended that students entering this course be able to read a range of texts and write multi-page compositions in English.

Ethnic Studies

ETHS-107: Native Peoples of North America

This course explores the anthropology of Native Americans from prehistory to the present. Utilizing an anthropological and Native American Studies perspective, we examine sociocultural issues relevant to Native Americans such as economics, language, religion, identity, politics, and cultural change. Special attention will be given to the contributions of Native Americans to the field of anthropology and to the broader culture of the United States. Emphasis will also be placed on the impact of European colonialism and on contemporary issues such as discrimination, the struggle for sovereignty, and land rights. Addresses the contemporary status of native cultural traditions taking into account social change and adaptation. This course is also offered as ANTHRO 107 and HIST 107.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Departmental Recommendation(s): Eligibility for ENGL-C1000 or ENGL-C1000H (formerly ENGL-101 and ENGL-101H).

Alternate Listing: This course is also offered as HIST-107, ANTH-107.

ETHS-163: Chicano/Latino Literature

Study of the literature, plays, poetry, film, and lyrics representative of Latino/Chicano literature. This course includes written analyses. Students analyze the literature and apply critical theory to describe critical events in the histories, cultures, and intellectual and literary traditions, with special focus on the lived experiences, social struggles, and contributions of Latino/a Americans in the United States. This course is offered as ENGL 163 and ETHS 163.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: ENGL C1000 or ENGL C1000H (formerly ENGL 101 and ENGL 101H).

Alternate Listing: This course is also offered as ENGL-163.

FIRET-198: Fire Technology Worksite Learning

Employment in approved jobs related to the student's major. All Work Experience classes are supervised by a faculty member to ensure that the work experience is of educational value. The course stresses good work habits and meeting of competencies through actual on the job performance. This course may be repeated three times for a maximum of 16 units or four total enrollments since course content varies and skills are enhanced by supervised repetition and practice.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit limited transfer to CSU. Contact a counselor for details.

Corequisite: Must be working either paid or unpaid at a job directly related to the student's fire technology educational or occupational goal.

FIRET-504: Advanced Firefighter Continuing Education

Students will build upon their firefighting skills to include: Knowledge of firefighter safety, SCBA and PASS devices, determination of air supply, electrical hazards, use of tools and equipment, fuel types and suppression methods, attack techniques, structural search and rescue, first aid & CPR skills. Graded on a Pass or No Pass basis only.

Credit Type: Earned units for this course are NOT applicable to an Associate Degree.

Grading Restriction: Graded on a Credit/No Credit basis only.

Prerequisite: FIRET 115 and/or fulfill the requirements for certification in a State Fire Marshal Firefighter I Academy or equivalent as determined by the Fire Academy Chief.

Geography

GEOG-102: Human Geography

An introduction to the interrelationship between people and the environment. Emphasis on global settlement patterns, economic activities, population trends, agriculture, urban patterns, major languages and religions.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Alternate Listing: This course is also offered as GEOG-102H.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
0940	70	3.00	Arranged	3.3 - hrs/wk	DE-LEC	ONLI	NE	Beard,J

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

GEOG-102H: Human Geography - Honors

An introduction to the interrelationship between people and the environment. Emphasis on global settlement patterns, economic activities, population trends, agriculture, urban patterns, major languages and religions. This course includes content and experiences appropriate for students wishing to earn honors credit.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: Acceptance into the College Honors Institute.

Alternate Listing: This course is also offered as GEOG-102.

On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

GEOG-110: Physical Geography

A spatial study of Earth's dynamic physical systems and processes. Topics include Earth-sun relationships, the atmosphere, weather and climate, water and the hydrosphere, geomorphology and landforms, soils and their distribution, biogeography and tectonics and the associated landforms. Emphasis is on interrelationships among systems and processes and their resulting patterns and distributions.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Departmental Recommendation: Concurrent enrollment in GEOG 111 or GEOG 111H.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.

Health and Safety Ed (NC)

HSE/N-600: First Aid/Cpr/Aed for Non-Medi

This course is designed to certify non-medical professionals. The course teaches participants the knowledge and skills needed to give immediate care to an injured or ill person and to decide whether advanced medical care is needed. This course certifies individuals with the American Red Cross for First aid, CPR and AED for adults and children.

Credit Type: Noncredit course.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
1006	88	0.00	-----S	09:00A - 11:50A	LEC	KHA(#19)	135	Swanson,J

Note: 1 week class from 05/02/26 to 05/02/26.

Note: Once registered for the class, students will need to complete the online class that will take approximately 3 hours. Since this is a blended learning course, a student completes part of the course in a self-directed manner online, followed by a hands-on skills session in person with an ARC Instructor. ARC eLearning courses are fully self-directed, and do not require a separate hands-on skills session. The materials needed to be completed will be e-mailed to them to their Crafton's email address from the American Red Cross. Once students have completed this portion, the instructor will be notified. This must be done before the beginning of the class.

Health Education

HEALTH-102: Introduction to Health and Wellness

Focuses on the exploration of major health issues, individual behaviors and personal responsibility in the various dimensions of health. Topics include nutrition, exercise, weight control, mental health, stress management, violence, substance abuse, reproductive health, disease prevention, aging, healthcare, and environmental hazards and safety.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

HEALTH-104: Introduction to Public Health

From a population-based perspective, the factors influencing health and disease focused on basic concepts and terminologies of public health and the history and accomplishments of public health officials and agencies. An overview of the functions of various public health professions and

institutions and an in-depth examination of the core public health disciplines are covered. Topics will include history, health promotion, determinants of health and burden of disease, legal and ethical issues, epidemiology of communicable and non-communicable disease, environmental health, community organizing and health promotion programming, environmental health and safety, global health, healthcare policy, management, and career opportunities in public health.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.

HIST-107: Native Peoples of North America

This course explores the anthropology of Native Americans from prehistory to the present. Utilizing an anthropological and Native American Studies perspective, we examine sociocultural issues relevant to Native Americans such as economics, language, religion, identity, politics, and cultural change. Special attention will be given to the contributions of Native Americans to the field of anthropology and to the broader culture of the United States. Emphasis will also be placed on the impact of European colonialism and on contemporary issues such as discrimination, the struggle for sovereignty, and land rights. Addresses the contemporary status of native cultural traditions taking into account social change and adaptation. This course is also offered as ANTHRO 107 and HIST 107.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Note: 13 week class from 02/09/26 to 05/14/26.

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device (not a cell phone) with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

MARKET-110: Principles of Advertising

Examines the major components of modern advertising and promotion. Key areas explored include the social and economic role of advertising, controls over advertising, planning of the campaign, and the role of research, media playing, advertising strategy and coordination with other elements of marketing.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU.

Departmental Recommendation(s): Eligibility for ENGL-C1000 (formerly ENGL-101).

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
1172	70	3.00	Arranged	6.75 - hrs/wk	DE-LEC	ONLI	NE	Saadeh,M

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device (not a cell phone) with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

Mathematics

MATH-902: College Algebra Support

A review of the core prerequisite skills, competencies, and concepts needed in college algebra. Topics include: a review of computational skills developed in intermediate algebra, factoring, operations on rational and radical expressions, absolute value equations and inequalities, functions including composition and inverses, and an in-depth focus on quadratic functions. This course is appropriate for students who are confident in their graphing and beginning algebra skills. Graded on

a Pass/No Pass basis only. Non-degree applicable

Credit Type: Earned units for this course are NOT applicable to an Associate Degree.

Grading Restriction: Graded on a Credit/No Credit basis only.

Prerequisite: MATH 095 or eligibility for MATH 902 as determined through the Crafton Hills College assessment process.

Corequisite: MATH 102.

MATH-915: Ideas of Mathematics Support

A review of the core prerequisite skills, competencies, and concepts needed in Ideas of Mathematics. Topics include: a review of computational skills developed in non-transferable math courses including but not limited to, operations on rational numbers and algebraic expressions, understanding and applications of percentages, graphing linear and quadratic functions, functions including composition and inverses. Pass/No Pass only. Non-degree applicable.

Credit Type: Earned units for this course are NOT applicable to an Associate Degree.

Grading Restriction: Graded on a Credit/No Credit basis only.

Prerequisite: MATH 095 or eligibility for MATH 115 as determined through the Crafton Hills College assessment process.

Corequisite: MATH 115.

MATH-102: College Algebra for STEM

A college-level course in algebra for majors in science, technology, engineering, and mathematics (STEM). Study of polynomial, absolute value, rational, exponential, logarithmic, and radical functions; sequences, series, and the Binomial Theorem; graphing conic sections; inverse functions; solving systems of linear and non-linear equations, including the use of matrices and determinants; and the theory of equations. MATH 102 and MATH 160, maximum UC credit one course.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: Eligibility for MATH 102 as determined through the Crafton Hills College assessment process or completion of Intermediate Algebra.

MATH-107: College Algebra for non-STEM Majors

In this advanced algebra and functions analysis course, students will dive deep into the world of mathematical functions, equipping themselves with a deep understanding of their properties, behaviors, and practical applications. The course is designed to challenge students to think critically, solve complex problems, and apply algebraic techniques to model real-world scenarios. This course will cover applications and the behavior of polynomial, rational, radical, exponential, absolute value, and logarithmic functions; systems of equations; theory of polynomial equations; and analytic geometry.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Note: Eligibility for MATH 107 as determined through the Crafton Hills College assessment process or completion of Intermediate Algebra.

STAT-C1000: Introduction to Statistics

This course is an introduction to statistical thinking and processes, including methods and concepts for discovery and decision-making using data. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-squared, and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Students apply methods and processes to applications using data from a broad range of disciplines. (Formerly MATH 110)

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: Placement as determined by the college's multiple measures assessment process or completion of a course taught at or above the level of intermediate algebra.

Alternate Listing: This course is also offered as STAT-C1000H.

STAT-C1000H: Introduction to Statistics - Honors

This course is an introduction to statistical thinking and processes, including methods and concepts for discovery and decision-making using data. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-squared, and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Students apply methods and processes to applications using data from a broad range of disciplines. This is an honors course. (Formerly MATH 110H)

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: Placement as determined by the college's multiple measures assessment process or completion of a course taught at or above the level of intermediate algebra.

Alternate Listing: This course is also offered as STAT-C1000.

Microbiology

MICRO-102: Introductory Microbiology

Introduction to microbiology, emphasizing the general characteristics of microorganisms, principles of microbial growth, identification, control and the relationships between human beings and microbes. Special attention is given to infectious diseases. Recommended for students in health occupations. Surveys of bacteria, fungi, viruses and parasitic protozoans are included.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU. Limited transfer to UC; contact a counselor for details.

MICRO-150: Medical Microbiology

Study of microbiology and immunology, emphasizing the biology of microorganisms including bacteria, fungi, protozoans, helminths, and viruses. Introduces fundamental principles of medical microbiology including microbial cultivation, metabolism, genetics, growth, and control. Pathogenesis and immunity to infectious diseases is covered. Principles of epidemiology, disease transmission and a survey of communicable diseases are also included.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU. Limited transfer to UC; contact a counselor for details.

Prerequisite: CHEM 101 or CHEM 150.

Multimedia

MULTI-100: Multimedia Foundations

Introduction to multimedia technologies, concepts and principles of design and media production. Explores software applications as they relate to current methods of digital media production for print, screen, animation, interactivity, and 3D design. Investigates the historical and conceptual relationship between art, media, and technology.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

MULTI-173: Interaction Design and User Experience

User Experience Design (UX) focuses on the quality of experience a person has when interacting with a specific design. UX Design relates to the needs and wants of the user, as well as ease-of-use, and designs for the best possible user experience. This course will cover the design process, prototyping, documentation, and tools used within the UX field.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU.

Music (CHC)

MUSIC-101: Music Theory I

Music 101 develops skills in music fundamentals (scales, chords, rhythm, notation, etc.) and covers cadences, phrase structure analysis, chord function theory, and four-part voice-leading principles. The lab portion of this course develops rhythmic, melodic, and harmonic materials through ear training, sight singing, analysis, and dictation.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Certified NursingAssistant NC

CNA/N-621: Nursing Assistant Theory

This noncredit course focuses on the fundamental principles of basic nursing care necessary to meet the hygiene, comfort, and safety needs of residents. The identification and reporting of resident abuse along with development of skills in communication and interpersonal relations will be discussed. The role of the CNA as part of the health care team and practice of skills to pass the state certification exam are highlighted. The course follows the guidelines established by the California

Department of Public Health (CDPH). Successful completion of the course does not ensure certification, which is obtained through the CDPH. Application and related forms are provided at the information session.

Credit Type: Noncredit course.

Limitation on Enrollment: Must attend a mandatory information session, once provisionally accepted, must attend a mandatory orientation, meet all health requirements, and have a clear livescan fingerprinting. Must be 16 years or older. No high school or GED required. Must be co-enrolled with CNA/N-621 and CNA/N-623.

Corequisite: CNA/N-622 and CNA/N-623.

CNA/N-651: Phlebotomy Technician I Clinical

This program is designed to fulfill the clinical training requirements to become a Certified Phlebotomy Technician I (CPTI) for the State of California. Upon meeting the admission requirements, satisfactorily completing the didactic and externship portions of the program, and receiving a passing grade on an approved national certifying exam plus certification from such agency, the student will be able to apply for a CPTI license from the Laboratory Field Services, California Department of Health Services. The class is taught through lectures, class exercises (basic and advanced), and clinical experiences at local externship sites (practical). Students will be trained to perform a variety of blood collection methods using the proper techniques. These methods include the evacuated tube system, syringe collection, winged infusion collection, and capillary puncture on adults, children, and infants.

Credit Type: Noncredit course.

ESL/N-601: Multilingual Literacy 1

ESLN 601 is the first course in a four-course non credit English as a Second Language series designed to develop learners' everyday English proficiency and academic literacies. Course may be repeated. Refines and expands basic English language skills for language learners. Builds on reading, written, and listening, and verbal skills to enhance learners' language abilities in everyday English. Learners read short fiction and non fiction texts to demonstrate comprehension; develop pre reading strategies, write multi-paragraph compositions, including descriptions and summaries;

perform basic computer tasks such as checking/responding to email, navigating LMS/WebAdvisor, and using Zoom, perform basic word processing (Word/Google Doc).

Credit Type: Noncredit course.

Prerequisite: Upon entering this course, Students must be able to read, write, and speak in full sentences in English.

Ref #	Sec	Units	Days	Time	Type	Build	Rm.	Inst.

ESL/N-602: Multilingual Literacy 2

ESLN 602 is the second course in a four-course noncredit English as a Second Language series designed to develop learners' everyday English proficiency and academic literacies. Course may be repeated. Continues to refine and enhance learners' language abilities in everyday English as well as develop academic literacies. Learners build on prior learning to successfully read and analyze a variety of topics and texts to identify the writer's purpose, main ideas, and supporting details; use feedback from instructor and peers to revise and edit work; write multi-paged compositions in response to a text; in addition to basic computer and technological tasks, learners will be able to perform word processing (Word/Google Doc) and conduct basic website searches. Students will continue to work on their English conversation skills and learn to communicate in variety of settings, including participating in classroom discussions, asking for information and assistance from classmates, instructors, tutors, and other college staff; give class presentations.

Credit Type: Noncredit course.

Prerequisite: Upon entering this course, Students must be able to read, write, and speak English in full sentences.

Departmental Recommendation: It is highly recommended that students entering this course be able to read short texts and write short paragraphs in English.

ESL/N-604: Multilingual Literacy 4

ESLN 604 is the last course in a four-course noncredit English as a Second Language series designed to develop learners' everyday English proficiency and academic literacies. Course may be repeated. For advanced learners of the English language. Learners build on advanced English skills and vocabulary as well as apply critical thinking in navigating a variety of everyday English and academic contexts. Learners will read and analyze a variety of texts, including book length work and 1-2 academic articles; develop the practice of reading texts closely and focus on significant details and patterns by noticing rhetorical and stylistic choices of authors; write clear, well-organized, and well-developed compositions, including multimodal composition, that integrate the ideas of others while appropriately crediting the original authors and maintaining academic integrity; conduct

advanced library searches; enhance computer and tech literacies; continue to learn about campus services and resources as well as gain more opportunities to participate in the larger campus culture and beyond.

Credit Type: Noncredit course.

Departmental Recommendation: It is highly recommended that students entering this course be able to read a range of texts and write multi-page compositions in English.

HSE/N-600: First Aid/Cpr/Aed for Non-Medi

This course is designed to certify non-medical professionals. The course teaches participants the knowledge and skills needed to give immediate care to an injured or ill person and to decide whether advanced medical care is needed. This course certifies individuals with the American Red Cross for First aid, CPR and AED for adults and children.

Credit Type: Noncredit course.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
1006	88	0.00	-----S	09:00A - 11:50A	LEC	KHA(#19)	135	Swanson,J

Note: 1 week class from 05/02/26 to 05/02/26.

Note: Once registered for the class, students will need to complete the online class that will take approximately 3 hours. Since this is a blended learning course, a student completes part of the course in a self-directed manner online, followed by a hands-on skills session in person with an ARC Instructor. ARC eLearning courses are fully self-directed, and do not require a separate hands-on skills session. The materials needed to be completed will be e-mailed to them to their Crafton's email address from the American Red Cross. Once students have completed this portion, the instructor will be notified. This must be done before the beginning of the class.

Oceanography

OCEAN-101: Elements of Oceanography

Study of the basic principles of oceanography, including the structure of the Earth and sea floor, the

physics and chemistry of the ocean, atmospheric and ocean circulation, waves, currents, tides, marine plants and animals, ecosystems, and environmental concerns. This class has a required field trip.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU. Limited transfer to UC; contact a counselor for details.

Alternate Listing: This course is also offered as OCEAN-101H.

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

POLS-C1000H: American Government and Politics -Honors

This course is an introduction to government and politics in the United States and California. Students examine the constitutions, structure, and operation of governing institutions, civil liberties and civil rights, political behaviors, political issues, and public policy using political science theory and methodology. This is an honors course. (Formerly POLIT 100H)

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Departmental Recommendation: Successful completion of ENGL C1000 or ENGL C1000H.

Prerequisite: Acceptance into the College Honors Institute.

Alternate Listing: This course is also offered as POLS-C1000.

Psychology

PSYC-103: Theories of Personality

Survey of the theoretical attempts to describe and explain human nature, especially the models of the mind and behavior developed by psychoanalytic, behavioral, humanistic, positive, and cognitive psychologists.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite(s): PSYC C1000 or PSYC C1000H (formerly PSYCH 100 and PSYCH 100H).

Departmental Recommendation(s): Eligibility for ENGL C1000 (formerly ENGL 101).

Formerly: PSYCH-103.

PSYC-111: Developmental Psychology: Lifespan

Introduction to the study of lifespan development psychology from conception through aging. The focus is on six issues: the nature of change, continuity and discontinuity in development, the influence of genes and social context on growth, the influence of culture, race, and ethnicity on development, the effect of present experience on future outcomes, and current theory and research which contribute to an understanding of human development over the lifespan.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite(s): PSYC C1000 or PSYC C1000H (formerly PSYCH 100 and PSYCH 100H).

Formerly: PSYCH-111.

PSYC-118: Human Sexual Behavior

Survey of selected factors in human sexual behavior. Emphasis on the psychology of sex and an analysis of assumptions and attitudes toward human sexuality. Theoretical perspectives and research from the areas of sociology, anthropology, and biology as well as psychology.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite(s): PSYC C1000 or PSYC C1000H (formerly PSYCH 100 and PSYCH 100H).

Departmental Recommendation(s): Successful completion of, or concurrent enrollment in, ENGL C1000 or ENGL C1000H (formerly ENGL 101 and ENGL 101H).

Formerly: PSYCH-118.

PSYC-120: Statistics for the Social and Behavioral Sciences

The use of probability techniques, hypothesis testing, and predictive techniques to facilitate decision making. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance; chi squared and t-tests; effect size; confidence intervals; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings, especially for practical applications using data from disciplines such as the social sciences, health care and education. While the STAT C1000

class approaches these topics with a firmer grounding in the principles of mathematics, this PSYC 120 does cover the mathematical basis of statistics, probability theory and estimation, but focuses on the interpretation and application, uses and misuses, and the analysis and criticism of statistical arguments in public discourse.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite(s): Eligibility for MATH 102 or eligibility for PSYC 120 as determined through the Crafton Hills College assessment process.

Formerly: PSYCH-120.

Note: This section meets at Arrowhead Regional Med. Ctr. in Colton. (See Building and Location section of the printed schedule for the address.)

RADIOL-208: Radiography Registry Review & Testing II

Review and testing of all radiologic technology coursework in preparation for board examination.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU.

Prerequisites: RADIOL 200, RADIOL 202, RADIOL 203, RADIOL 204, RADIOL 205, RADIOL 213, and RADIOL 215.

Corequisites: RADIOL 207, RADIOL 209, RADIOL 210, RADIOL 211, RADIOL 212, and RADIOL 214.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
1480	45	3.00	--T----	02:30P - 05:20P	LEC	CLTN	ARMC	Cundieff,S McCoy,L

RADIOL-209: Radiographic Pathology Pathology

Study of disease, basic concepts of pathology, pathological conditions of the body and their impact on the radiographic process.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to CSU.

Prerequisites: RADIOL 200, RADIOL 202, RADIOL 203, RADIOL 204, RADIOL 205, RADIOL 213, and RADIOL 215.

Corequisites: RADIOL 207, RADIOL 208, RADIOL 210, RADIOL 211, RADIOL 212, and RADIOL 214.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.

Religious Studies

RELIG-100: Introduction to Religious Studies

This course is a methodologically diverse exploration into the major components of religion and religious studies, examining such elements as sacred stories, ritual, iconography, religious leaders, scripture, morality, community, tradition, history, philosophy, and the arts.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite(s): ENGL-010 or eligibility for ENGL-C1000 (formerly ENGL-101) as determined by the Crafton Hills College assessment process.

Alternate Listing: This course is also offered as RELIG-100H.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
1494	70	3.00	Arranged	4.15 - hrs/wk	DE-LEC	ONLI	NE	Franko,K

Note: 13 week class from 02/09/26 to 05/14/26.

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device (not a cell phone) with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

RELIG-100H: Introduction to Religious Studies- Honors

This course is a methodologically diverse exploration into the major components of religion and religious studies, examining such elements as sacred stories, ritual, iconography, religious leaders, scripture, morality, community, tradition, history, philosophy, and the arts. This course includes content and experiences appropriate for students wishing to earn honors credit.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Transferability: Course credit transfers to both CSU and UC.

Prerequisite: Acceptance into the College Honors Institute.

Alternate Listing: This course is also offered as RELIG-100.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.

RESP-408: Advanced Neonatal and Pediatric Respiratory Care

Advanced concepts of neonatal and pediatric respiratory care. Emphasis placed on neonatal and pediatric pathophysiology and on specific therapeutic needs of neonates and children. Students will demonstrate competence in assessment skills, formulation of treatment plans, and application of specific respiratory care modalities for neonatal and pediatric patients.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Prerequisite: Acceptance into the BSRC program and associate degree from an accredited respiratory program.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
0056	70	3.00	Arranged	6.75 - hrs/wk	DE-LEC	ONLI	NE	Ramirez,A Rojas,D Sheahan,M

Note: 8 week class from 01/20/26 to 03/13/26.

Note: This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course).

RESP-409: Leadership and Management in Health Care

Leadership and management theories in effective practices in the healthcare setting. Organizational structure of current healthcare models are discussed. Emphasis is placed on development of skills in leadership, communication, time management, problem solving, motivation and other critical competencies. Specific attention is focused on the role of leadership, along with specific functions and operations, in a Respiratory Care Department. Using these skills, students will identify and apply strategic models to analyze problems, formulate solutions, and make sound decisions.

Credit Type: Earned units for this course are applicable to an Associate Degree.

Prerequisite: Acceptance into the BSRC program and associate degree in respiratory care from an accredited program.

Ref#	Sec	Units	Days	Time	Type	Build	Rm.	Inst.
