Campus Alerts

SBVC – Beware of the construction.

CHC – Beware of the construction.

See following pages for additional incidents

DRIVING SAFE IN THE RAIN

Driving in rain can be dangerous. The most important thing for drivers to remember is to SLOW DOWN! In rainy conditions pedestrians, livestock, and wildlife are extremely hard to spot and even harder to avoid. It takes longer to stop or adjust speed in wet weather.

IMPORTANT INFORMATION

- ◆ In case of emergency call
SBVC (909)384-4491
CHC (909) 389-3275
- ◆ Non-emergency police department phone number SBVC (909) 384-8667/ CHC (909) 389-3276

Found Property

The Police Department is the centralized location for all found property. Please turn in any found items so they can be returned to the rightful owner. You can also call to have found items picked up. If you have lost something feel free to stop by the police department and check if your lost item has been turned in.

The following are tips for safe driving in the rain.

- Before it starts to rain, replace old or brittle wiper blades.
- Stay toward the middle lanes—water tends to pool in outside lanes.
- Maintain proper following distance (3 second rule). This needs to be increased in wet weather.
- Drive in the tracks of a vehicle ahead of you.
- Don't follow large trucks or busses too closely, because the spray created by their large tires can reduce vision.
- Be more alert watching for brake lights in front of you.
- Avoid using your brakes; if possible, take your foot off the accelerator to slow down.
- Turn your headlights on in a light rain and in gloomy, foggy, or overcast conditions to help you see the road and help other drivers see you.
- Avoid off-road driving; it's hard to judge the actual depth of puddles and standing water where you can easily become stuck.
- Never drive beyond the limits of visibility. The glare of oncoming lights, amplified by the rain on the windshield, can cause temporary loss of visibility while substantially increasing driver fatigue.
- Never drive through moving water if you can't see the ground through it; your vehicle could be swept off the road.
- Avoid driving through deep water, because it can cause serious damage to a modern vehicle's electrical system.
- If possible, stay off the road during heavy thunderstorms. Large flashes of lightning can temporarily blind and disorient drivers, and the accompanying high winds and heavy rain can create deadly driving conditions.
- When you need to stop or slow, do not brake hard or lock the wheels and risk a skid. Maintain mild pressure on the brake pedal.
- Watch the contours not only of the road, but also the fences, trees, hedges, and buildings at the side of the road ahead. If they appear to be unnaturally low, slow down at once, because the road is probably flooded.

CHC

FRIDAY

Date: 1/13/12

No incidents to report.

SATURDAY

Date: 1/14/12

No incidents to report.

SUNDAY

Date: 1/15/12

No incidents to report.

MONDAY

Date: 1/16/12

No incidents to report.

TUESDAY

Date: 1/17/12

No incidents to report.

WEDNESDAY

Date: 1/18/12

No incidents to report.

THURSDAY

Date: 1/19/12

No incidents to report.

EDCT

FRIDAY

Date: 1/13/12

No incidents to report.

SATURDAY

Date: 1/14/12

No incidents to report.

SUNDAY

Date: 1/15/12

No incidents to report.

MONDAY

Date: 1/16/12

No incidents to report.
