Summer Safety Tips:

- ⇒ One of the best ways to stay safe this summer is to wear a helmet and other safety gear when biking, skating and skateboarding, and when riding scooters, all-terrain vehicles, and horses. Studies on bicycle helmets have shown they can reduce the risk of head injury by as much as 85 percent.
- ⇒ Use layers of protection to prevent a swimming pool tragedy. This includes placing barriers completely around your pool to prevent access, using door and pool alarms, closely supervising your child and being prepared in case of an emergency.

IN CASE OF EMERGENCY DIAL 911

SBCCD Police Dispatch is available Monday-Friday from 7:00 am-10:00 pm. After 10:00 pm and on weekends, our phones are transferred to the San Bernardino County Sheriff's Department who dispatch SBCCD Officers to calls.

For daily incidents reports and other crime information, go to the Police Web site: <http://sbccd.org/police>

Children Safety:

- If children are home alone and are allowed to answer the phone, they should never tell the caller that they are home alone. Make sure that the child has a list of phone numbers (neighbors, friends, family) that they can call if they should become frightened or in the event of an emergency. Assure that they know how to call 911 and when it is appropriate to do so. Also establish a schedule for the child to check in with mom or dad.
- Establish house rules for use of the computer, especially the Internet. The computer can be a valuable learning tool, but is not a good babysitter. Make sure the child knows never to give out personal information on the computer.
- Children should always be required to check in with a parent or trusted contact person before leaving the house and when returning home.

Summer Travel Safety:

- Plan your Trip. Plan, map and estimate the duration of your driving ahead of time and let others know your plans.
- Expect to encounter roadwork, delays & detours.
- Check road conditions, including possible road closures.
- Prepare your vehicle. Check tires, including spare for proper inflation and good tread.
- Inspect the engine, battery hoses, belts and fluids for wear and proper levels.
- Do a “once around”-test all the lights, wipers and clean the windows (inside and out)
- Prepare an Emergency Roadside Kit, including jumper cables, a flashlight and plenty of bottled water.
