CREATING A NEW COURSE

Creating a New Course

STEP 1:

A. Log into CurricUNET

❖ After logging into CurricUNET, click on the **Courses** link under **Build**.

Build
Articulation
Courses
Programs
Packages

B.

❖ Click on **Create Course** on the left hand side of the page.

Courses
Create Course
Edit Courses
Modify Course

C. Fill in Discipline, Course Number, Course Title, Short Title, Catalog Description, Schedule Description, and Proposal Type.

To Launch a course as an Honors Course:

❖ Add "H" next to the Course ID. For example, PSYCH100H.
❖ Add the word "Honors" in the course title, for example General Psychology – Honors.
❖ Choose Honors as a Proposal Type.

IMPORTANT: Remember to update and submit the corresponding non-Honors course outline at the same time (for example, both PSYCH 100 and PSYCH 100H must be reviewed/launched simultaneously).

Create New Course

Course Cover

A. Review information, add Cross-Listed Course (if needed), insert Catalog and Schedule Description.

For Honors Courses:
- ❖ Catalog and Schedule Description:
  - o Add this statement in bold: **This course is intended for students in the Honors Program but is open to all students who desire more challenging course work.**

Cross-Listed Courses (Also Offered As):

Cross-listed are courses offered in more than one discipline. This designation requires mutual agreement and review between the departments and divisions offering the cross-listed courses. In order for cross-listing to be considered, the course outline of record for each course must be the same with only the course name number different. Both outlines must be submitted simultaneously through the approval process. That way, the integrity of the course is maintained. You will need to submit both outlines before cross-listing can be approved.

"Stand-Alone" Courses:

Stand-alone courses are defined as those courses which ARE NOT tied to a certificate, degree, or transfer requirement. These courses must meet the criteria of appropriateness to our mission, need, curriculum standards, adequate resources and compliance, meaning the course is not in conflict with any law, including both state and federal laws, and both statutes and regulations.

Hours Report

Course Checklist

- Main
- ☑ Cover
- ☐ Units/Hours
- ☐ Course Objectives
- ☐ Course Content
- ☐ Methods of Instruction
- ☐ Out of Class Assignments
- ☐ Methods of Evaluation
- ☐ Distance Ed
- ☐ EQUATE
- ☐ Resources
- ☐ Other Supplies
- ☐ Requisites
- ☐ Requisite Analysis
- ☐ General Ed
- ☐ Attached Files
- ☐ Codes/Dates

- ❖ **Lecture:** 1 unit lecture coures = 18 hours in-class lecture plus 36 hours out-of-class study.
- ❖ **Lab:** 1 unit laboratory course = 54 hours in-class laboratory.
- ❖ **Lecture and Lab:** 3 units (2 units lecture and 1 unit lab) = 36 hours in-class lecture, 54 hours in-class laboratory, plus 72 hours out-of-class study.

Accreditation standards require a minimum of 48 student learning hours for the award of a unit of credit. Although Title 5, section 58023, defines an hour of classroom or laboratory time as 50 minutes, when calculating out-of-class study time, an hour retains its ordinary meaning of 60 minutes.

Thus, for a one-unit semester lecture course, the <u>minimum</u> hours would be as follows:

> 16 hours of classroom time
> + 32 hours of homework
> 48 hours total student learning time

The minimum number of hours expected for a three-unit semester lecture course would be as follows:

> 48 hours of classroom time
> + 96 hours of homework
> 144 hours total student learning time

For additional information refer to the Program and Course Approval Handbook (PCAH).

STEP 4: Course Objectives

A. See Taxonomy Check Box for additional assistance.

Course Content (Cont'd)

Honors Courses: Please make arrangements with the Honors Committee through the Honors program coordinator prior to launching courses in CurricUNET.

IMPORTANT: Remember to update and submit the corresponding non-Honors course outline at the same time (for example, both PSYCH 100 and PSYCH 100H must be reviewed simultaneously).

- ❖ Course Objectives must contain greater depth, breadth, and rigor.
- ❖ Course Content could include outside in-depth research on related topics advanced laboratory studies; critical analysis of ideas.
- ❖ Out-of-Class Assignments may include attending outside lectures where critical thinking culminates in a written assignment; advanced written papers using a specific formatting style on topics researched from the SBVC Library and local university libraries; attending plays, tours of facilities, field trips, concerts and/or conferences in preparation for written papers or reports, examinations, or special projects at an Honors level.
  - o These Out-of-Class Assignments are in addition to the regular assignments found in the non-honors course.
- ❖ Due to the written critical thinking required of honors students, ENGL 015 is usually a prerequisite for these courses.

STEP 6: Methods of Instruction

STEP 7: Out of Class Assignments

Out of Class Assignments

Reading

Reading assignments are required and may include (but are not limited to) the following:

```
Identify a common reading topic or assignment that students
will read outside of class and indicate that the "student
will need to be prepared to discuss in class".

Avoid using chapter numbers, only reference topics.
```

Critical Thinking

Critical thinking assignments are required and may include (but are not limited to) the following:

Writing

Writing assignments are required and may include (but are not limited to) the following:

```
Include length of writing assignment.

Spell out length of pages if less than ten. |
```

Help

Enter a typical assignment in each of the assignment areas for Reading, Critical Thinking, and Writing. Start by clicking on the outline numbering icon. For an Honors course, use bold letters for those assignments that set the honors course apart from the regular course.

Edit More

STEP 8: Methods of Evaluation

Methods of Evaluation

A student's grade will be based on multiple measures of performance and will reflect the expected outcomes.

A final grade of 'C' or better should indicate that the student has the ability to successfully apply the principles and techniques taught in this course.

These evaluation methods may include, but are not limited to, the following:

Methods
- ☑ Class participation
- ☐ Examinations
- ☐ Homework
- ☐ Lab work
- ☐ Portfolios
- ☑ Presentations (oral or visual)
- ☐ Projects
- ☐ Work performance (internships or field work)
- ☐ Written papers or reports
- ☑ Quizzes
- ☐ Cumulative finals or certifications
- ☐ Other

Click on Help Icon for Further Definitions and/or System Help. ❓

Place a check mark in all methods that apply and/or list custom methods by placing a check mark in the "other" check box and list in this text box.

STEP 10: Equate

Equating Courses with Crafton Hills College:

It is important that faculty contact their peers at Crafton Hills College when a course is equal to theirs.

❖ For example, if a student takes English 101 at Crafton, we accept that as equivalent at SBVC.

When modifying existing courses or proposing new ones, please review similar courses at CHC. Whenever possible, similar courses should be equated.

❖ Additionally, SBVC's Schedule and Catalog Data Specialist (Corrina Baber) should be notified so that this information can be placed in Datatel.

❖ In Spring 2008, both CHC and SBVC came to an agreement on the following:
  o If units differ then courses do not equate
  o If content differs then courses do not equate
  o If courses have different pre-and-corequisites, then courses do not equate

❖ See CurricUNET website for current Equate List.

EQUATE

Does this course equate to a CHC course?	○ Yes ◉ No
If this course equates to a CHC course, list CHC course ID:	
Are you requesting the removal of a CHC Equate?	○ Yes ◉ No
If you are requesting the removal of a CHC Equate, list CHC course ID:

STEP 13: Requisites

❖ **Prerequisite:**
  o A course or skill that must be completed prior to enrolling in the desired course. The basic premise is that students are highly unlikely to succeed in the course to which this course is a prerequisite without learning the skills taught in this course.
  o Prerequisites are an essential tool in the construction of curriculum for courses in which student success is highly dependent on previously acquired knowledge or skills.

❖ **Corequisite:**
  o Another course that must be taken during the same semester as the desired course.
  o Similar to a prerequisite, the premise is that students are highly unlikely to succeed in one or either course without taking these courses at the same time.

❖ **Advisories:**
  o The Curriculum Committee recommends that courses 100 and above should have advisories of ENGL 015 or eligibility for ENGL 101 or 101H as determined through the SBVC assessment process.
  o In some cases, department faculty may want to caution students that some prior preparation is recommended, however, students are still able to succeed in the class without it.
  o In this instance, department faculty can put advisories on courses. Unlike prerequisites and corequisites, advisories are not enforced. If, for example, THART 120 (Acting Fundamentals I) has an advisory of THART 100 (Introduction to Theater), a student may decide that she does not need to take THART 100 first. The student would still be able to enroll in the acting class.
  o Like prerequisites, a reasonable rationale must exist for establishing the advisory. Therefore, faculty are asked to complete the same analysis as with a prerequisite/corequisite when seeking to implement advisories. No further scrutiny or validation is necessary.
